(301) 775-5747

A junior graphic designer seeking a remote, full-time position in the United States along with being open to freelance or contract design work with an interest in gaining experience and making connections.

Work Experience

Projects

POV - Graphic Design Senior Exhibition

Aug 2024 - Dec 2024

class member, merchandise coordinator

My class collaborated to create brand guidelines and split into small teams. As part of physical marketing, I developed posters, flyers, invitations, and merchandise. I was responsible for finalizing the merchandise, communicating with a vendor, and distributing the final products.

- Highly collaborative process with a need for strong communication
- Responsibility managing the merchandise design, communication with a vendor, and getting the products delivered

Komfort- Menstrual Product Brand

Jan 2025 - Apr 2025

brand guideline creator, package designer, website designer, social media designer

I created in depth brand guidelines along with detailed project documentation. Four product packages were printed and crafted and a website prototype was developed and made functional. Marketing material consisted of social media mockups and physical posters. The final products were presented at an exhibition.

- A large and detailed project with meticulous documentation and development
- Fully independent, self guided project with a need for strong self discipline and organization

Core Skills
